Subject: RE: Monthly WVDEP/EPA Superfund Site Status Update

Charlie,

Thank you for the updates. We are okay with moving to bi-monthly site status calls at this time.

Jake and I will be attending the ASTSWMO Brownfields and Superfund Symposium next week (Monday – Wednesday); however, the following days are fairly open for all of us at WVDEP to have a call about the Shaffer Equipment/Arbuckle Creek Area Site:

- Thursday, August 23rd
- Friday, August 24th
- Thursday, August 30th
- Friday, August 31st

Thank you,
Casey

Casey E. Korbini

Subject: Monthly WVDEP/EPA Superfund Site Status Update

Good morning Casey, Jake and Bill,

First, I would like to Thank you very much for your efforts on the Hanlin/Allied/Olin ARARs letter and specifically the NPDES Site specific numbers. Getting such a quick turn around on that is extremely helpful in keeping forward momentum going in our goal to achieve a ROD in 2019. It is truly appreciated!

Also, Since I think our project managers are communicating well, I would like to propose going to a bi-monthly Site status call. I would propose cancelling this Friday's call and picking up with our next call on September 13th. I will send out a new scheduler if you all are in agreement on the bi-monthly frequency. Please let me know.

Lastly, as you probably already know the Schaefer Equipment/Arbuckle Creek Area Site is planned for proposal on September 13th. I propose we schedule a separate meeting in the next week or two to discuss EPA's plans for the proposal and communications strategy, etc. Thanks.

Charlie Root
